a window into the world of  
fashion, where the colors of  
existence are not just  
seen, but felt. It is a story

# Fashion

Princess of style  
Sofa, canopy, bed, curtains and so forth are selected and  
are selected.  
But the fashion is only one. Still, it is important to  
be sure of the way you want to live. It is important  
to have a strong  
idea: you must apply the piece of wisdom and practice  
at all times.

# Colours OF EXISTENCE

For this story, we open  
a world of  
colours and textures  
to create  
a new chapter in  
the story of  
fashion. We explore  
the rich heritage of  
Indian textiles and  
crafts, and bring  
them to life in a  
modern, sophisticated  
way. This is a story  
of tradition and  
innovation, of  
heritage and  
progress. This is  
the story of  
Colours of Existence.
