FASHION

Fashion is a language that creates
itself in clothes to interpret reality

There is talk among the mortals as to how you
sail in. On instant shores, in a heavy bed, you bring a
whole new horizon of beauty. Many fall in love with
you instantly, your girl, your dream, your beauty is
unmatched. And as you sail into town, your dupatta
flaring behind you, you know you've captured in
numerous hearts and minds.

Divine

As they approach, they are blinded by her splendour. They discover she is beyond material objects like pearls. She is immaculate.

Many wonder: you miss envy for a cascade of purity and grace. In a world tainted and corrupted, you are the epitome of all that is still left pristine. Splendour and itern how does you and consume everyone around you. Maybe it's your magic. Maybe it's the magic of your garments.

"Fashion is only the attempt to realise art in living forms and social intercourse."

In your gaze, the world sees endless beauty. In your smile, the world sees a beacon of immense beauty. In your posture, the world sees a woman with immeasurable pride. You're not just a woman. In your attire, you are a beauty from another realm. In your stride, there is divinity.
