Be Diva Of The Day
Looking good and dressing well is a necessity. Dressing is a way of life. Dressing is a matter of taste. Fashion is the style and custom prevalent at a given time. To some it's an art form, to others its like a part of their culture and religion. Fashion can be used to express an individual's personality or to express one's own free will.

A Flicker Of Pride

Fashion plays an increasingly important role in an individual's life because it is considered as a means of self-expression. The garments and accessories women wear, help them to identify with a group of others whether it is a lifestyle, profession, a religion, or an attitude. Thus, the term fashion has become synonymous with the overall growth of the country as well.
