If you are faced with a mountain, you have several options. You can climb it and cross to the other side. You can go around it. You can dig under it. You can fly over it. You can blow it up. You can ignore it and pretend it's not there. You can turn around and go back the way you came. Or you can stay on the mountain and make it your home.

## THE PICK OF MOUNTAIN

For us, not only does it keep us grounded but it also helps us keep a great balance! When it's time for a detox, we usually plan a hike or just hop on our motorbikes and drive somewhere where we rent a small hut with a hammock and spend all day reading. It's blissful!
