

I think there is beauty in *everything*.
What 'normal' people *perceive* as ugly,
I can usually see something of *beauty* in it.

I don't design clothes. I design dreams.

Fashion is the armor to survive the reality of everyday life.

Fashion is what you're offered four
times a year by designers.
And style is what
you choose.

I think there is beauty in *everything*.
What 'normal' people *perceive* as ugly,
I can usually see something of *beauty* in it.

Anyone can get dressed up and glamorous, but it is how people dress in their days off that are the most intriguing.

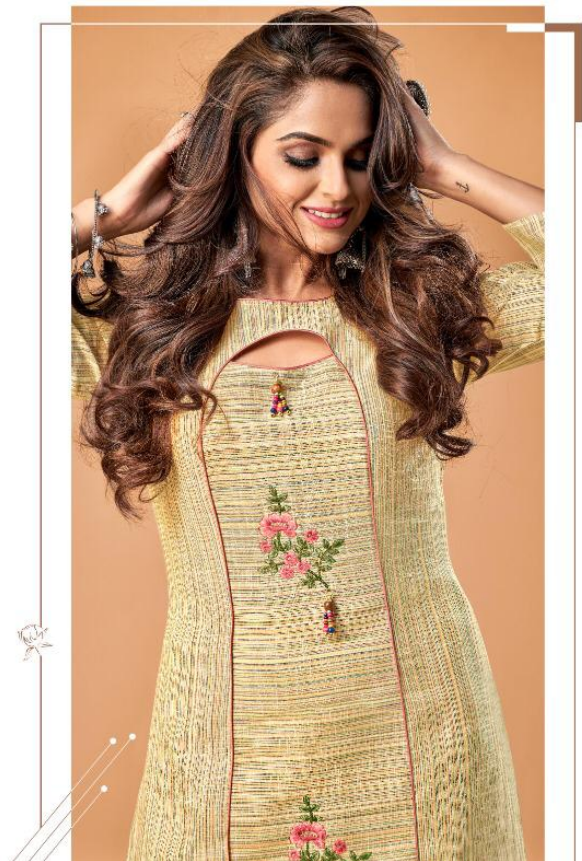

Fashion is very important. It is life-enhancing and,
like everything that gives pleasure, it is worth doing well.

Fashion is the armor to survive the reality of everyday life.
