Craft Illusion

Textile symbolism in India is followed by traditions in the east and the spinheads
the universe is an ordered and a fabric's world in the east. The universe, the ordered universe,
is one continuous fabric with its threads and itself making a gold pattern.

Craft Illusion

Hindu symbolism in India is followed by Muslims, as rigveda and the upanishads the universe is envisioned as a fabric woven by the gods. The cosmos, the ordered universe, is one continuous fabric, with its warp and weft making a grid pattern.

handloom weaving sarees

Textile symbolism in India is hallmarked by tradition, in its roots and the uprootings. The universe is considered as a fabric woven by the gods. The women, the vibrant weavers, weave continuous fabric with its warp and weft making a great picture.
